Tri-State Disposal Inc. -- U.T.H. Permit # T8942  
Used Tire Transportation File

Dear Ms. Germany:

Used Tire Transportation Registration number 8942 is hereby issued to Tri-State Disposal Inc. to engage in used and waste tire hauling in the State of Illinois, utilizing only the vehicles and equipment identified in the application for registration received by the Illinois EPA on January 22, 2014. A copy of your Used Tire Transportation Registration Application (UTTRA) is enclosed with this registration.

This Used Tire Transportation Registration is issued in accordance with 35 Illinois Administrative Code Part 848 Subpart F of the Illinois Pollution Control Board's regulations. This registration, issued on February 4, 2014, is valid from February 4, 2014 to and through February 28, 2016, for all vehicles listed on the attached application.

Please count your enclosed expiration seals. The Agency must be notified of any shortages within three working days of the receipt in order for us to send additional seals. If seals are destroyed, send a letter of explanation and fragments of the destroyed seal, along with photographic evidence, and we will replace it. No seals will be replaced without physical proof of an already existing seal. If the Agency is not contacted within the 3-day period and/or sent evidence of a destroyed seal, you may be required to resubmit your application. **Please note: The Illinois EPA no longer sends notices of pending expiration of your existing registration so it is your responsibility to keep track of your expiration date and submit a renewal application at least 120 days prior to the expiration date.** If you have any questions, please contact the Illinois EPA's Used Tire Program at 217/524-3300.

Sincerely,

Todd J. Marvel, Manager  
Used Tire Program  
Bureau of Land
